

## News Release

### TYPHOON'S ANNUAL GENERAL ASSEMBLY IS SCHEDULED FOR AUGUST 8<sup>TH</sup>, 2013

**July 30, 2013 (Laval, Quebec) Typhoon Exploration Inc. - (TYP: TSX-V)** announces that the Annual General Assembly of the Company will be held August 8<sup>th</sup>, 2013 at 11h00 a.m., in the Montmorency room of the Laurentian Bank, located at 1699, *Le Corbusier Blvd.*, Laval, QC.

**Mr. David Mc Donald, President and CEO of Typhoon, will take this opportunity to share his comments regarding this past year.**

The past year has been of particular significance with regards to exploration reports for Typhoon Exploration. A new resource estimate and preliminary economic study were completed on the Fayolle Deposit and published by press release.

In light of the results obtained to date, we are very confident that the exploration works in progress on all our properties located in the Mont-Brun area will allow increasing the resources and economic potential of the Fayolle Deposit, while identifying other high potential areas. Let us remind you that these properties are all located in a highly favorable zone, as identified by both Typhoon and Aurizon geologists as well as those of the Quebec government. This zone is located at the intersection of several faults which make up the Porcupine-Destor Fault Zone and its potential at depth has practically never been tested, but will be shortly.
