

## **SUSTAINABLE AND RESPONSIBLE DEVELOPMENT POLICY**

- **GENERAL**

The Company's governance is committed to ensuring that effective corporate social responsibility principles are embedded in TYPHOON's governance practices, integrating safety, health, environmental, social, community and economic practices.

- **ENVIRONMENTAL**

Ensure that environmental regulations are respected by employees, consultants and partners in all exploration activities, in order to minimize the impact of our mining activities, on the basis of the e3-Plus principles.

- **HEALTH AND SAFETY PLAN**

Diligently apply the regulations in matter of health and safety at work in all of its exploration activities.

- **SOCIAL**

Develop and maintain a proactive, open and transparent communication with local authorities (including indigenous communities), municipal and government agencies.

Participate actively in community life by getting wholly immersed in it.

Interact regularly with the communities involved in order to ensure that our activities are socially acceptable.

- **ECONOMIC**

Invest in projects that ensure the growth and continuity of the Company, for the benefit of shareholders and employees.

Generate local economic benefits and contribute to the local development of the communities affected/involved in the projects.
