TYPHOON BEGIN A DRILLING CAMPAIGN OF 7,000 METERS ON FAYOLLE

Laval, Canada November 19, 2008 – Typhoon Exploration Inc. (« **Typhoon** ») announce that she began its drilling campaign autumn 2008, to Fayolle on the new Mc Donald showing, discovered recently.

This new drilling campaign of more than 7,000 meters, with two drills on the project has for objective, to verify the lateral extensions and the vertical depth of the new Mc Donald Showing, located at more than 450 meters of the Fayolle Deposit, and to have a better understanding of the gold mineralization between the showing known at this day.

A compilation revealed the possible presence of additional structures at more than 500 meters East of the Mc Donald showing as well as on the West of the Fayolle deposit.

Typhoon is of the most optimistic for the future of the Fayolle project.

Mr. Robert Gagnon, P. Geo., Technical Advisor, a Qualified Person as defined by National Instrument 43-101, supervised the preparation of the information in this news release.

The common shares of Typhoon Exploration are listed on the Venture Stock Exchange under the symbol «TOO».
