## News Release

### THE TYPHOON-AURIZON TANDEM SUMMARIZES ITS 2010 GROOVING CAMPAIGN ON THE FAYOLLE PROPERTY

Laval, Canada, September 22, 2010 – **Typhoon Exploration Inc. (TSX Venture Exchange Symbol: TYP)** summarizes its summer 2010 grooving campaign on the Fayolle property (100% owned by Typhoon). Each groove measures 0.5 m long. Several samples were analysed for gold and silver and some have been analysed for gold and 48 other elements.

This phase led to the discovery of numerous late structures N330-340 oriented north-north-west which differ from the orientation of the east-south-east regional structures generally known for controlling gold mineralization in the Porcupine-Destor Fault sector.

**The objectives for the comprehension and validation of the structures have been reached.** Indeed, gold values have been obtained on the surface through stripping. **The presence of gold on surface confirms the fertility of the structural zones oriented at N330-340, elaborated from the new exploration model developed by the Aurizon Mines Ltd. and Typhoon Exploration Inc. tandem.**

The new drillings carried out in proximity to the stripped zones show a visual enrichment of gold at depth. Gross native gold grains were observed in **several drillings which are currently being analysed at the ALS Chemex lab in Val d'Or, Abitibi and results will be disclosed in a press release upon receipt.**

#### Update on Private Placement

**Typhoon would like to correct its Press Release of September 21, 2010 where the third paragraph should have read:**

Under the Placement, Typhoon paid the Agents a cash commission of CAD\$400,000.02 and issued a total of 487,805 non-transferable agent's unit warrants (the "Agent's Warrants"). Each Agent's Warrant entitles the holder thereof the right to purchase 1 unit of Typhoon (the "Agent's Unit") at a price of \$0.82 per Agent's Unit. Each Agent's Unit is comprised of 1 common shares and 1 warrant having the same terms and conditions as the warrants included in the Units.

**Mr. Robert Gagnon, P. Geo.**, Technical Advisor, a Qualified Person as defined by National Instrument 43-101 and **Mr. Daniel Gaudreault ing.**, supervised the preparation of the information in this news release.

The common shares of Typhoon Exploration are listed on the TSX Venture Exchange under the symbol “TYP”.
