The transaction will have no effect on the percentage of ordinary shares of the company which are held by David Mc Donald

Non honorary of intermediation will be payable within the framework of this transaction.

PLEASE NOTE

The direction of Typhoon considers that year 2018 will bring of new development positive for the Company. The key properties will be actively explored. All the properties are located in a very accessible region arranging excellent infrastructures nearby.

Typhoon has for main activity the generation of projects combined in the development of the partnership:

This business model is an effective way of reducing the systematic risks which face companies working in the initial stage of the exploration. It minimizes the dilution of the capital action and, in case of discovery, the value creation by action is maximized.

Typhoon strictly maintained this financial strategy through the various mining cycles. Typhoon has 39 077 849 of the emitted shares, among which 60 %, held by financial institutions, by initiated and by some major investor

Typhoon common shares are listed on the TSX Ventures Exchange under the stock symbol TYP.
